„Logistic & Quality“

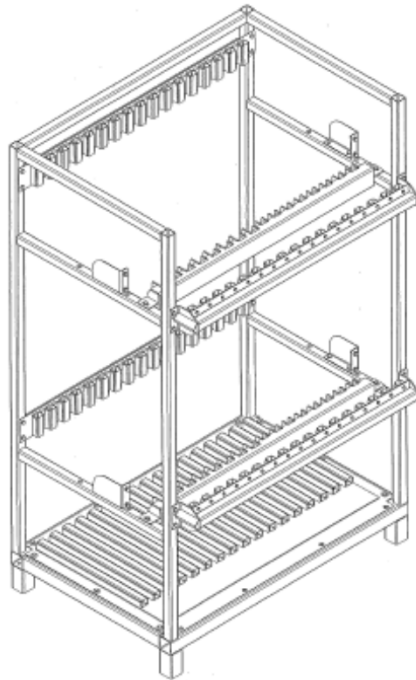

ProNature

- **What is „Pro Nature“ at LOHMEIER ? :**
 - By virtue of its sheer existence, as well as through the products sold, any commercial company exerts an influence on the environment, and on the people that live in it. Not least with future generations in mind, this is reason enough to act responsibly regarding these matters.
 - Since 2003, our company has been certified to comply with environmental standards according to DIN EN ISO 14001. With our dedicated „**ProNature**“ label, we have focused special attention on environmental issues. **ProNature** does not represent one single measure, but LOHMEIER's multifaceted approach to these concerns.

Logistic solutions – reusable transport frame

Why LOHMEIER ?

- **Product know how & branch experience since more than 40 years**
- **First class products – added with first perfect services**
- **Future oriented manufacturing technologies**
- **Sustainability in product & production**
- **Quick & simple communication**
- **Quality by tradition - flexibility on principle**
